About Us

Incorporated in 2021, **Ascent Sigmax Sportsmeds Pvt. Ltd.** is an Indo-Japanese joint venture between India's leading consumer healthcare organization **Ascent Meditech Ltd.**, and Japanese multinational **Nippon Sigmax Co.Ltd.**

The joint venture between these two multinationals was formed with a common goal of offering active lifestyle with orthopaedic support products etc., for the sporting community to maximize performance without the fear of injuries.

We are headquartered in Mumbai, while our state of the art manufacturing plant is located in the Indian state of Gujarat.

“Performance” being the core to any athlete, **Ascent Sigmax Sportsmeds Pvt. Ltd.**, has introduced **GoChamps** range of products for sports and lifestyle. **GoChamps** supports the aspirational athletes and encourages them to unleash their potential thereby bringing laurels for themselves as well as for their country.

Zamst is a global leader and the No.1 brand of Sports Compression Supports in Japan. **Zamst** targets the professional athletes in India.

PUSH YOUR LIMITS

Boundaries and barriers are created in the human mind; resulting in fear, self-doubt and low confidence. Consistency in performance is crucial for aspirations to translate into achievements. [GoChamps](#) range of preventive support products understands your intent to remain injury free thereby removing fear and encouraging you to [Push Your Limits](#), thus, improving performance, every time.

Our Uniqueness

GoChamps understands the intense activity, athletes partake and their commitment towards the sporting genre. To support their hard work, top of the line GoChamps product range has been designed with the help of advance Japanese technology and comes with unique features to enable them to deliver high performance without fear every-time.

Preventive

Products are meant to be a part of the kit bag. They are essential and should be worn while playing to reap optimum performance

Breathable

Constructed with a specialized material, which offers breathability to the product thereby helping an athlete to experience a comfortable play or workout

Lightweight

Made with specialized material which is lightweight, durable and offers uniform compression

Mobility

Constructed without any hard stays which allow range of movements as well as offers a comfortable fit

Aesthetics

Sleek in design, trendy and noticeable

Latex free

Not made with natural rubber latex

GO CHAMPS™

Product Range

KNEE SLEEVE

NEOPRENE

Indications: Ideal protection against mild Knee strain/sprain and Knee instability

Features:

- Soft neoprene offers uniform compression and soothing warmth
- PUF offers breathability enabling a comfortable play or workout
- Lightweight, stretchable and comes without any stays for unhindered movement of the knee
- Contoured design which prevents slippage with minimal bunching behind the knee
- Pull on sleeves which helps with ease of wearing
- Not made with natural rubber latex

Material Contents:

Fiber : 92% Nylon, 8% Elastane
